# Resort Entertainment Report: Luxurious Hideaways for Industry Bizzers and Beyond

From sports to seaside activities to screening rooms, these resort spots provide relaxation and respite from the daily grind.

## **Geejam**

Port Antonio, Jamaica

Music infuses the chill vibe at the coastal hideaway Geejam on Jamaica's rustic northern coast. Treetop cabins are named for musical genres — Ska and Rocksteady — and top musicians (Drake, Rihanna, Katy Perry) have recorded at the resort's Geejam Studios. Music vet Jon Baker is co-owner. Lush grounds filled with tropical foliage and a private beach are the resort's natural wonders. The resort's Bushbar and restaurant serves up authentic Jamaican flavors.
